The management has made the following improvements to facilities that will promote students' overall development and guarantee their academic achievement.

1. New infrastructure has improved facilities.
2. The lab has upgraded the number of computers and software programmes.
3. Updates to the website.
4. Admission, financing are all done via software.

5. The library's online and book offerings have been gradually expanding. The amenities in the reading rooms have also been enhanced.

6. A transparent examination process. The Internal Exam and Yearly Regular Tests are administered by the Examination Committee.

7. Internal evaluation is conducted on a semester basis.

8. The college plans events that provide students plenty of opportunity to develop a feeling of social responsibility.

9. There are various resources available to help students with disabilities.
